

We are a non-profit educational institution. In school year 2016/2017 we will **celebrate the 25th anniversary of the founding**. During 24 years of its existence JA Slovakia implemented practical educational programs at elementary and secondary schools in Slovakia. **The number of our alumni students exceeded 300 000.**

We offer the students **entrepreneurial, economic and financial education**. We help them to develop their **communication, presentation and social skills** and to increase their **employment opportunities**. We offer the teachers trainings, didactic material, methodical guidelines and learning tools for our educational programs that are based on the method „**learning by doing**“.
