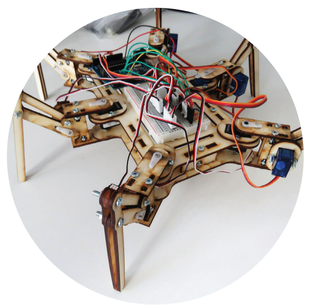
FABLAB

BRATISLAVA

UNLEASH YOUR CREATIVITY

IN FABLAB BRATISLAVA
AT THE SLOVAK CENTRE OF SCIENTIFIC AND TECHNICAL INFORMATION

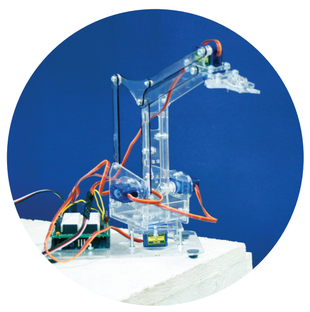


PLACE FOR YOUR IDEAS AND CREATIVITY

Creative laboratory FabLab is an open platform for designers, developers, artists, students and everyone who is interested to work with the most modern fabrication technologies of the 21st century. Fablab Bratislava makes new technologies of fabrication and prototyping accessible for the general public.

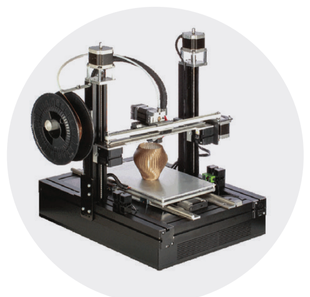
TALENT SUPPORT WORKSHOP

Fablab Bratislava organizes various activities focusing on the introduction of work with technologies of digital manufacturing.



TECHNOLOGIES FOR DEVELOPMENT OF PROTOTYPES

Fablab Bratislava supports innovations, inventions and enables entrepreneurs and creators to access tools and technologies of rapid and economical prototyping.



MACHINES TO MATERIALIZE YOUR IDEAS

Machines such as 3D printers, laser cutters, arduino, 3D scanners, 3D pens, cutting plotters, sewing machines, embroidery machines, CNC routers, CNC hot wire cutters and many others are ready to create original products.

EXPERIENCE EXCHANGE AND INTERNATIONAL COOPERATION

Fablab Bratislava shares, collaborates and exchanges its experience with the international community via Fablab annual summits, exhibitions, lectures and international activities. Fablab Bratislava is involved the implementation of project FabLabNet, focusing on unlocking the innovation potential of Fab Labs in the CE area. The project is implemented through the Interreg Central Europe Programme co-financed by the ERDF.
