

Youth Platform
of the European
Talent Support Network

An initiative to give a platform for all the young talented people of the European Talent Support Network

to enrich the continuous international cooperation and to...

CREATE

new joint multinational projects, good-purpose actions and other initiatives.

LEARN

by organizing webinars, seminars or interactive discussions.

DISCUSS

different issues regarding gifted education, assist and help in policy making.

MEET

to take part in further European Youth Summits and personal meetings.

An open, expanding community as Talent Centres and Talent Points may nominate new members. Eligibility requirements and information regarding the nomination procedure can be found on the website of the ECHA.

By August 2016 the community had 34 fellows representing 16 countries.

The Youth Platform was established by the European Talent Support Network (having more than 300 organizations from 35 countries in August 2016) and has the support of the European Council For High Ability.
